YOUNG DEBATORS ARE GATHERED AT AUSTIN

El Paso Delegation is Being Entertained by El Paso University Club Members.

Austin, Texas, May 1.—"Prep" school debaters from all over the state began to arrive here today to take part in the third annual debating and oratorical contests given under the auspices of the University of Texas. The crowd was all taken care of by their friends among the university students and by the various fraternities. They are being shown the city in autos. Among those generally looked up to by the authorities was the El Paso delegation. Manuel Schwartz, Henry Schumaker, and Eugene Gillett compose the group, who it is expected, will take off first place; this is due to the memory of the time when Frank Lyons and Edward Freeman, of El Paso, took the state in a whirlwind finish.

The El Paso delegation was met at the train by the El Paso University club. Tonight they will be entertained at the El Paso club house by all the members of the club.

SALVINI ARRESTED ON 10 INDICTMENTS

V. Salvini was arrested Thursday afternoon by the sheriff's department on 10 indictments, all charging him with keeping a disorderly house. He was released on bonds of \$500 in each case.

LONDON MILITANTS IGNORE POLICE RAID

Newsdealers Refuse to Handle Paper Which is Published in Spite of Government Warning.

London, Eng., May 1.—Miss Annie Kenney, one of the most prominent of the militant suffragists, was arrested today as she set foot in England on her arrival from the continent.

The police are still in possession of the headquarters of the Women's Social and Political Union, the militant suffragist organization in Kingsway. The telephone switchboard in the office has been placed in charge of a detective. Notwithstanding the activity of the police the campaign of arson conducted by the militants was continued this morning. A large stable at Haddon, a northwestern suburb of London, was set on fire and practically destroyed. A placard with the words, "Votes, Votes, Votes, Beware," was found pasted on the premises.

Miss Kenney was arraigned later at the Bow street police court and remanded.

The suffragists managed to publish their paper, "The Suffragist," in spite of the government warning. Most London newsdealers refused to handle the publication, and only a few women were selling it on the streets.

APPORTIONMENT OF SCHOOL FUND MADE

Austin, Texas, May 1.—The state board of education today announced the apportionment of the available school fund for the month of May. The amount apportioned is \$508,566 and the per capita is 50 cents, based on 1,017,132 scholars in the state. This makes a total of \$6.25 per capita which has already been apportioned out of a total of \$6.85.

PRYAN VISITS JAPANESE COLONY IN HIS STUDY OF CALIFORNIA PROBLEM

SACRAMENTO, CAL., May 1.—The Japanese problem in California as it exists was viewed at close range by secretary Bryan this morning in the course of a two hour automobile ride through the thickly populated Florin district.

Governor Johnson and assemblyman Hugh Bradford, who accompanied the secretary, were shown the facts and figures to explain the scenes that met the eyes of the visitor and Mr. Bryan seemed deeply interested. His only comment, however, at the end of the trip was that he had not only "seen a Japanese colony but a pretty California valley."

Twelve years ago there was not a score of Japanese in the community; now they practically control the grape industry of that section.

They own the factory where the berry boxes are made, and when Mr. Bryan visited it he saw 40 Japanese girls at work.

An interesting stop was made at the district school of Florin, where the party visited the first grade. It was a typical school room, with the pictures of Washington and Lincoln on the walls.

Senate Considers Bill

When the senate was in the act of taking up for final consideration the bill that is designed to restore Florin and similar communities once more to Caucasian owners.

Will Restrict Japanese Colonies

A close study of the Webb bill shows the full extent of the restrictions placed upon aliens who are not permitted to become citizens, although the limitations are precisely those imposed in the existing treaties between the United States and Japan.

Provide for Sale of Land

This purpose of the act is effected in two ways:

On the death of an alien land owner, the bill provides that his ownership ceases and that the property must be taken over by the probate court and sold to the highest bidder. Under its terms, an alien cannot bequeath real property except to a citizen.

No Leases Permitted

No leases whatsoever are permitted. Originally it was planned to permit leases covering a maximum period of three to five years.

It is held that the act will be absolutely prohibitory on all leases of agricultural land.

According to senator Thompson, who has made a study of the bill, the theory is as follows:

Land Will Revert to Citizens. Only citizens and those eligible to

become citizens may be proprietors of land. They may employ Japanese and Chinese but they cannot lease or otherwise give such aliens an interest or share in their proprietorship. Such land as is now held by Japanese and Chinese cannot be bequeathed to their alien heirs. It must be sold.

"The practical result of the bill," said senator Thompson, "will be that all further acquisitions will be prevented, leasing colonies will be exterminated and at the end of the present generation, most of the land now held by Japanese and Chinese will be owned by citizens."

Wilson Cites Flaw in Bill

The following telegram from president Wilson was received here today by Gov. Johnson:

"I take the liberty of calling your attention to the WEBB bill, which would involve an appeal to the courts on a question of treaty rights, and bring on what might be long and delicate litigation."

Gov. Johnson immediately replied: "I thank you very much for your suggestion. The bill may be due to the fact that we have endeavored to preserve affirmatively upon the face of our bill the existing treaty. I have referred the matter at once to our attorney general and I would be extremely grateful for any suggestions that would avoid the objection you mention."

BRYAN SAYS DOLLAR DIPLOMACY

SAN FRANCISCO, CALIF., May 1.—Secretary Bryan turned his spy glasses from Tokyo to Rio de Janeiro, at the close of a banquet given in his honor here.

"I glory," he said, "that we now have an administration that will bring home to the republic of South America the sense of national honor and which will herald to them our abandonment of dollar diplomacy."

"If you people will give to South America a demonstration of American capital and enterprise, the United States will give dollar diplomacy for your dollars in goods. There is no limit to the possible expansion of the golden rule between South and North America."

NEW TREATY WITH JAPAN

MAY BE DIFFICULT TO WRITE

Washington, D. C., May 1.—The president may deem it advisable to undertake the negotiation of a new treaty of trade and commerce with Japan, and though it is realized that agreement on such a convention satisfactory to Japanese pride, yet permanently guarding against a Japanese invasion would be a great difficulty.

Some of the officials are inclined to the belief that the thing can be done. Meanwhile, because of the possibilities of developments in Sacramento, and perhaps quietly admonishing the territorial authorities of Alaska of obtaining from the United States the direction of discrimination against Japanese fishermen as would add to the difficulties there is little that can be done in Washington until secretary Bryan returns to the capital.

SITE SELECTED FOR GLOBE HIGH SCHOOL

Globe, Ariz., May 1.—The school board has selected the Minnie Thompson site for the proposed new high school building. This property is adjacent to the little ball ground and property, and was offered for \$4,500. In a recent election, the site was one of the highest.

N. R. Remington, proprietor of the Manhattan saloon, put a young woman to work selling cigars at a stand in front of his place and business was ordered by county attorney Johnson to make a change.

Dr. W. A. Holt was operated upon by his partner, Dr. Sturges, for the fourth time during the past week for blood poisoning in the right hand and arm.

The infection was caused by the prick of a needle used in an operation on a miner, suffering with blood poisoning today. Dr. Holt's condition is serious, but his partner has hopes of saving his arm.

The present session of the superior court has been halted by the trial of William Stewart, charged with the murder of Fred Kibbe in the United States hall at Phoenix, June 19, 1907. Walter Shute and a number of local attorneys have been subpoenaed as witnesses.

SAYS POLITE MAN TOOK ALL HIS CASH

At 11 o'clock Wednesday night while Isaac Gonzales, a recent arrival from Zacatecas, Mexico, was standing at the corner of Seventh and Santa Fe, he was approached by a stranger.

After the stranger bade Gonzales "good evening," he struck him a blow over the right eye which sent him to the ground. Gonzales claims that the stranger secured \$200 in Mexican currency and \$50 gold from him.

Thirty minutes after the incident, patrolmen Simpson and Gonzales arrested Amado Villalobos. The latter was charged by complaint filed in the court of justice of the peace James J. Murphy with robbery by assault.

Thomas K. Brooks was arrested Wednesday afternoon by patrolman Funk. It was alleged that he entered the residence of Mrs. E. Collin, 1209 Olive street, and secured a handbag belonging to her.

R. L. Mylan, organizer of the Woodmen of the World, rooming at the Washington hotel on South El Paso street, Wednesday night missed a suit of clothes, a hat, a dozen handkerchiefs and three collars. The articles, he said, were taken from his room.

COST OF LIVING IN 1912 HIGHEST IN 23 YEARS

Washington, D. C., May 1.—In the latter part of 1912, the cost of living in the United States was higher than at any other time for 23 years. The bureau of labor statistics has issued a report on retail prices from 1890 to 1912. The lowest cost was reached in each of the geographical divisions and in the United States as a whole in 1896.

The approximate cost of a year's food supply for a workingman's family, at average prices of each year by geographical divisions for 1890, 1896 (the low year), and 1912 was:

Divisions	1890	1896	1912
North Atlantic	\$318	\$318	\$465
South Atlantic	274	274	412
North Central	290	278	463
South Central	285	265	441
Western	269	272	429

CLIFTON RAILROAD YARDS ARE IMPROVED

Residences of Company Officials Razed to Make Room for a Passenger Station.

Clifton, Ariz., May 1.—The A. & N. M. railroad yard district shows scenes of great activity. The residences of the A. C. officials have been razed to the ground with one exception, and the freight depot has been completed, and the passenger station will be begun immediately.

The tracks the whole length of the yard are being raised about three feet and are now being ballasted with tailings and crushed rock. A new turntable of concrete and cement is nearing completion and is directly adjoining the old one. It is to be operated by electricity and it is built large enough to accommodate the engines of the main lines.

With all the A. C. company building and the rebuilding of Chase Creek, Clifton is a busy place, and rooms and residences are at a premium.

Clifton bartenders have organized a local union and will hereafter meet in the Eagle's hall on Chase Creek. The organization starts off with 15 members and more applications have been received which will be acted upon at the next meeting.

Following are the officers elected at the initial meeting: President, J. S. Lomax; vice president, Lawrence La Point; secretary, R. R. Bliss; treasurer, J. R. Shanklin; inspector, E. T. Gaultner; I. G. John Shaw; O. G. Frank Johnson.

El Morris has bought his partner's interest in the Clifton auto line and is now running two cars day and night. Mr. Morris recently returned from El Paso with a new Studebaker.

BISBEE PLANS TO CELEBRATE JULY 4

Bisbee, Ariz., May 1.—Arrangements are being made by the Commercial club to hold a monster celebration here on July 4.

Committees have been appointed by both the Red Men and Eagles for their joint picnic, to be held at Lewis Springs, June 8. A feature will be an auto and motor cycle race from Bisbee.

Juan Encinas, charged with stealing a horse and who was captured after a five mile chase, was taken to Tombstone by sheriff Wheeler. Extraordinary precautions were taken to prevent a rescue of the prisoner. It is charged by the officers that Encinas was at the head of a band of cattle thieves who have been supplying both the federal and rebel forces on the other side of the line in this vicinity. It was feared that an attempt would be made to liberate Encinas.

VALLEY SCHOOLS TO CLOSE WITHIN WEEK

Ebenezer Bryce, Founder of Arizona Town of that Name, is Critically Ill at Safford.

Safford, Ariz., May 1.—During the next week all the public schools of the valley that are still in session will close. Pima closes Friday with a class of 25 graduates. They will give a class play Saturday night.

Ebenezer Bryce, the founder of the town of Bryce, near here, and one of the oldest pioneers of the valley is very seriously ill, and his recovery is doubtful. He is 86 years old.

Dr. Galbraith administered the Friemann tuberculous cure to Brack Wilson at the Arizona sanitarium. So far the results have been highly satisfactory, the patient feeling much better and gaining one or two pounds weight each day.

The funeral of Mrs. Charles Parks, who died in El Paso, and whose body was interred at Solomonville, was one of the largest ever seen in the county seat.

Abraham Diaz, a merchant, and one of the oldest citizens of Solomonville, died there last week. Mr. Diaz went to Solomonville 25 years ago, when there were only three houses at that place.

SAN FRANCISCO CONTINUES PROBE OF CHARGES AGAINST POLICEMEN

men in the transactions in the alleged connection between police and crooks, will be called as a witness today.

Ronchi has admitted handing detectives envelopes which he was certain contained money and in this district attorney Fickert believes he has the connecting link in the case against the accused policemen.

Under instructions from chief White, the several company commanders to whose district suspended policemen were assigned, filed formal charges against the men before the police commission today, accusing them of neglect of duty and unofficer-like conduct.

Woman Is As Old As She Looks

No woman wants to look old. Many in their effort to look youthful resort to the "beauty doctor's" prescriptions. Their mistake is that they visit the wrong department in the drug store. Beauty depends upon health. Worry, sleepless nights, headaches, pains, disorders, irregularities and weakness of a distinctly feminine character in a short time bring the dull eye, the "crow's feet," the sagged look, drooping shoulders, and the falling step.

To retain the appearance of youth you must obtain health. Instead of lotions, powders and paints, ask your druggist for

DR. PIERCE'S Favorite Prescription

This famous medicine strikes at the very root of those enemies of your youthful appearance. It makes you not only look young, but feel young.

Your druggist can supply you in liquid or tablet form or send 50 one-cent stamps to Dr. Pierce's Invalid Hotel and Surgical Institute, Buffalo, N.Y., and trial box will be mailed you.
